WARD MC AFEE RETURNS TO SOCIAL SCIENCES DEANSHIP

Ward McAfee, Professor of History, has been appointed by President John M. Pfau to serve as Acting Dean of the School of Social Sciences during the 1975-76 academic year.

The appointment follows the unexpected resignation of Freeman Wright who is returning to his native Montana as Deputy Commissioner for Academic Affairs for the Montana University System. Both appointments become effective September 1.

In accepting the deanship, Dr. McAfee returns to a position he held for three years, from 1971-74. He returned to full-time teaching last year.

He joined the CSCSB history department with the opening of the College in 1965. In addition to serving as Dean of the School of Social Sciences, the College's largest school, he has been a member of the Statewide Faculty Senate and has served on most major committees of the CSCSB Faculty Senate.

A specialist in California history, Dr. McAfee is particularly concerned about relating the events in this state to the national and international picture. His emphasis on California history is on its railroads and his book, "California's Railroad Era, 1850-1911," published in 1973, and a number of articles reflect this interest. Dr. McAfee earned B.A., M.A. and Ph.D. degrees from Stanford University.

Dr. Wright, in stating his regret at leaving the CSCSB campus, said, "I would like to express my thanks to all the splendid people in the administrative staff and faculty who made my year here so enjoyable." In addition to serving as deputy commissioner with the Montana higher education organization, Dr. Wright is also appointed as professor of political science at Montana State in Bozeman, where he earned both B.A. and M.A. degrees.

HIGH SCHOOL STUDENTS WORK, STUDY & PLAY THIS SUMMER AT CSCSB

Twenty-five high school students are on campus this summer, working and studying in our college atmosphere under the Operation Second Chance Work Experience Program.

This marks the sixth year that the College has put its facilities and staff at the disposal of the program, working with the Inland Manpower Assn., the San Bernardino City School District and various other agencies to give work and study experience to selected high school students.

Fourteen locations on campus serve as their morning work headquarters where they do office work, various assignments in the Physical Plant shops, book processing and other duties. Following lunch they attend a Career Development class instructed by Kenneth Hobbs from Operation Second Chance. Next comes a recreation period for swimming, badminton, volleyball and other sports.

High school credit is given to the students for their participation in the two-month program which ends August 28.

Serving as CSCSB coordinator is Walter Hawkins, Director of E.O.P. Supportive Services. Moses Walters is on-campus counselor working out of Operation Second Chance.
